PROFESSIONAL EXPERIENCE

Sr. Software Developer | Neural IT

Mumbai, India | Feb 2023-Present

HRMS Platform

- Spearheaded the end-to-end development of the HRMS platform, incorporating employee management, payroll processing, leave tracking, performance evaluation, and attendance monitoring and serving **500+ employees**.
- Automated key HR workflows such as on boarding, payroll processing, and benefits administration, reducing manual errors by **40%** and increasing process efficiency by **70%**
- Designed and implemented APIs for seamless integration with third-party payroll processors and performance tracking tools, reducing integration time by **50%**.
- Ensured data security compliance (HIPAA, GDPR) by developing robust database architectures to store sensitive employee information securely, reducing security vulnerabilities by **60%**.
- Enhanced the employee self-service portal, providing real-time access to payroll, time-off requests, and performance analytics, increasing employee engagement by **35%**
- Built custom reporting dashboards for HR teams to analyse attendance trends, workforce performance, and payroll insights, reducing reporting time by **25%**.

eConnect (Email Marketing Services)

- Developed and optimized eConnect's email marketing platform, ensuring **99.9%** uptime and improving email delivery rate by **20%**.
- Designed and implemented automated email workflows, incorporating personalized messaging, behavioural triggers, and audience segmentation, increasing email open rates by **18%** and conversion rates by **12%**.
- Created responsive, dynamic email templates for an enhanced user experience across multiple devices, improving mobile email engagement by **22%**.
- Optimized **backend architecture**, enabling high-volume **email campaigns** with real-time tracking and analytics, supporting up to **100,000 emails per minute**.

AWARDS & ACHIEVEMENTS

Employee of the Quarter – Recognized for outstanding contributions to software development.

Needle Movers Award – Honoured for driving impactful improvements in project execution.

Thunder Storm Award – Acknowledged for exceptional problem-solving and technical innovation.

CERTIFICATIONS

Java Full Stack Development (**Qspiders**)

Full Stack Development (**Internshala**)
